Thank you for your interest in purchasing or adopting a dog or puppy from Dream Walker Kennels! Please take some time to read through this contract. Please understand that sections may be crossed out for null and void sections. The following crossed out sections do not have to be adhered to. After reading this contract, initial beside each section to show you have read the following:

1.) _____ **Alaskan Huskies:**

Alaskan Huskies are different than your average Alaskan Malamute or even Siberian Husky. Alaskan Huskies are sled dogs. These dogs require constant exercise and mental stimulation. They are not apartment dogs.

Without proper exercise and mental stimulation, the dog or puppy will likely destroy your yard and/or home, escape into potential danger, or inhabit anxious or aggressive behavior. These dogs cannot be crated for 8-10 hours a day, without exercise.

Alaskan Huskies should be worked with before letting off lead. Like any dog, without a recall off lead they will run away. Alaskan Huskies can cover a large amount of distance within a small amount of time.

2.) _____ **Vaccinations, Microchip, Deworming, etc.**

Your puppy will come with at least their first two vaccines covered by Dream Walker Kennels. We vaccinate for 6,8,12, and 16 weeks. We require all puppies sold to be vaccinated at 12 weeks and 16 weeks, unless stated otherwise by your veterinarian. The original information for your puppy's vaccination history with dates has been included in your puppy packet.

Any adult dog rehomed by Dream Walker Kennels will come completely up to date with Rabies, DA2PP, and Bordetella vaccinations.

Your puppy has received his/her first three deworming's. We deworm at 6, 8, 10, and 12 weeks of age. We deworm all of our dogs in the spring as well as at the end of fall. Please follow your veterinarian's deworming guidelines. This applies for any adult dog rehomed by Dream Walker Kennels.

Your dog or puppy has been microchipped! As of 01/01/2020 we require all Dream Walker dogs and puppies to stay connected to Dream Walker Kennels with both the Fairbanks North Star Borough Animal Control, but also with the microchip company. Dream Walker Kennels will register your dog or puppies' microchip via AVID with your contact information as a secondary contact. We have included your 9 digit

microchip number below as well as two barcode stickers. Please keep one for your records and take one to your veterinarian so they can put the 9 digit number into their computer as well as your chart.

Any other operations or medical treatments done while your dog or puppy has been at Dream Walker Kennel will be included with your packet. Any medical treatments can be transferred from our veterinarian to yours via request.

3.) _____ **Microchip (ext):** If your dog or puppy becomes loose for whatever reason, and is taken to the animal shelter, we are able to hold your puppy for you until arrangements can be made for your puppy to be returned to you. If Dream Walker Kennels is called to pick up said dog or puppy more than twice, on time number three dog or puppy shall be awarded back to Dream Walker Kennels.

3.) _____ **Spaying/Neutering:** All dogs and puppies that are sold to pet homes are required to be spayed and neutered. Puppies who go to working homes require a plan for breeding. Dream Walker asks that all puppies are to reach full maturity before being considered for breeding. By that time, we ask that a breeding plan is discussed between Victoria Tenney and the puppy's owner. For puppies who go to pet homes, males must be neutered by 6-24 months depending on maturity. Females must be spayed by their second heat at the latest. This may be challenged, although a plan for avoiding accidental pregnancy must be established. Any accidental/planned litter that the female has, must be declared to Dream Walker Kennels. Any accidental litter that is not declared to Dream Walker Kennels will result in relinquishing ownership of the female and litter of puppies to Dream Walker Kennels as well as a fine of \$1,000. Any adult dog rehomed to a pet home, will be altered before leaving Dream Walker Kennels.

4.) _____ **Rehoming:** Things can happen when we cannot take our animals with us when we move. Whatever the circumstances, if you cannot take care of your dog or puppy, Dream Walker Kennels always accepts dogs back with no questions asked. Dream Walker Kennels genuinely cares about who our dogs and puppies end up with. You are required to offer your dog or puppy back before rehoming/selling him/her. Your purchase price may or may not be returned to you. If the new owner does

not comply with this, a fine of \$1500 will be issued. All travel expenses will be covered for the return of said dog by Dream Walker Kennels.

5.) _____ **Lineage:** Any Dream Walker Kennel bred puppy sold will include full lineage of your puppy. Many people believe this to be useless if their puppy is spayed/neutered, but if there are medical issues, knowing your puppy's lineage can be a useful tool. Please keep your puppy's lineage on file.

6.) _____ **Health Clearances:** Dream Walker Kennel goes as far as to test our bitches and sires for Alaskan Husky Encephalopathy (AHE) as well as stay away from breeding two dogs with the Wheezer gene. For more information about these conditions, please read the information in your puppy packet. If you are purchasing or adopting an altered dog, please note that you may not receive confirmation that your dog has been genetically tested.

7.) _____ **Travel:** We always allow for dogs and puppies to be rehomed out of state, however the new owner will be responsible for paying shipping costs for their dog or puppy. This includes the health certificate, any and all shipping fees, and a kennel that is airline approved and meets the specifications for your dog or puppy.

8.) _____ **Veterinarian:** We are proud to have **Ballaine Veterinary Clinic** as our veterinarian. We request that if you do not have a veterinarian, to use Ballaine Veterinary Clinic. We have included a magnet and a business card in your packet. We have also included the After Hours clinic located in Fairbanks.

Ballaine Vet
